MUSEO® Silver Rag™

FINE ART PAPER CRAFTED FOR YOUR FINEST WORK

When reaching for the highest level of photographic artistry, Museo® Silver Rag™ paper enables you to print and preserve your work in an optimal way. Using Museo® Silver Rag™, fine art and gallery prints from celebrated image makers show extraordinary depth and detail along with the semi-gloss finish of traditional fiber-based photo paper.

Two hundred years of American craftsmanship, a first-of-its-kind coating, and a 100% cotton furnish enable Museo® Silver Rag™ to meet archival standards while creating a new category of digital printing paper. Optimized for pigmented inks, Museo® Silver Rag™ brings out the best in B&W and color images, and delivers high Dmax and superior tonal range. These performance elements—combined with the finish and hand of fine art paper—meet the long-standing desire of the world's top printers and photographers.

Museo Fine Art, the innovator of distinctive print media introduced this historic component to digital printing, bringing you as close as possible to fiber-based photo paper. Museo® Silver Rag™ offers unique printing performance that matches the artistry of your most original and distinctive work.
